

VIIN Young Investigator Symposium

A collection of various microscopic organisms, including bacteria, viruses, and fungi, rendered in shades of blue and white. They are scattered across the top half of the poster, some appearing to float or move.

AFTER

A collection of various microscopic organisms, including bacteria, viruses, and fungi, rendered in shades of blue and white. They are scattered across the middle section of the poster, primarily on the right side.

Party

A collection of various microscopic organisms, including bacteria, viruses, and fungi, rendered in shades of pink and white. They are scattered across the bottom half of the poster, surrounding the 'Party' text.

Thursday 18th October from 6pm

Prince Alfred (PA's) Rooftop Bar, 191 Grattan St, Parkville

Great opportunity to socialise and network with other VIIN researchers! Snacks provided.

A single pink microscopic organism, possibly a virus or bacterium, located in the bottom right corner of the poster.
