

# LORNE INFECTION & IMMUNITY CONFERENCE

www.lorneinfectionimmunity.org  
20-22 February 2019 | Lorne, Australia

**MICROBIOLOGISTS, IMMUNOLOGISTS, CLINICIANS & INDUSTRY  
ALL WELCOME FOR 3 DAYS OF NETWORKING AND SCIENCE**

*Advances in immunology • Innate Immunity • Adaptive Immunity • Inflammatory Diseases  
Microbiome • Hot topics in host-pathogen interactions • Emerging Infectious Diseases  
Systems Biology • Metabolism • Immunotherapies • Drug development*

**HEAVILY SUBSIDISED  
STUDENT REGISTRATION for  
Student Presenters (short talk,  
oral presentation or poster)**

**ECR CAREER DEVELOPMENT  
AWARDS: 3 on offer!  
Apply as you submit your  
abstract**

## INTERNATIONAL SPEAKERS

**Andrea Ablasser** Global Health Institute,  
Switzerland

*Nucleic acid sensing mechanisms, Anti-viral signaling pathways*

**Elizabeth Winzeler** UCSD, USA

*Antimalarial drug discovery using chemogenomics*

**Pascale Cossart** Pasteur Institute, France

*Listeria, host-pathogen interactions, systems biology*

**Shee-Mai Lok** Duke-NUS, Singapore

*Flavivirus structure, function, therapeutics and antibodies*

**Linfa Wang** Duke-NUS, Singapore

*Bat-borne viruses, bat-virus interactions*

**Robert Seder** NIH/NIAID, USA

*Vaccines against HIV, malaria, TB and cancer; T cell memory*

**Kim Newton** Genentech, USA

*Necroptosis and Inflammation*

**Robin May** University of Birmingham, UK

*Molecular host-pathogen interactions, Cryptococcus*

## NATIONAL SPEAKERS

**Elizabeth Hartland** Hudson Institute of Medical  
Research, VIC

*Colonization and immune evasion by Gram-negative pathogens*

**Allison Abendroth** University of Sydney, NSW

*Immunobiology and pathogenesis of human Herpesviruses*

**David Hume** University of Queensland, QLD

*Macrophages and osteoclasts*

**Kirsty Short** University of Queensland, QLD

*Influenza pathogenesis and the development of asthma*

**Wai-Hong Tham** Walter and Eliza Hall Institute, VIC

*Molecular, cellular and structural biology of malaria invasion*

**Nicole La Gruta** Monash University, VIC

*CD8+ T cell development and function*

**James McCarthy** QIMR Berghofer, QLD

*Antimalarial drugs and vaccines, scabies & helminth diseases*

**Andrew Currie** Murdoch University, WA

*Paediatric innate immunity, inflammation, and infection*

**Ana Traven** Monash University, VIC

*Fungal pathogens, molecular mechanisms of host interaction*

THE ANNUAL  
MEETING  
OF THE

**AID**

Victorian Infection  
& Immunity Network

Australian Infectious Diseases  
research centre

**FRIDAY 26 OCTOBER 2018  
ORAL ABSTRACTS & CDA AWARDS DUE  
FRIDAY 30 NOVEMBER 2018  
POSTER ABSTRACTS AND EARLY-BIRD  
REGISTRATION DUE**

**NEW NHMRC GRANT DEADLINES MEAN YOU CAN BE INSPIRED TO RE-FOCUS  
AT LORNE BEFORE GRANT-WRITING**

V: 20180830. Speakers subject to change. Please check the website regularly for updates.
